

73-5a-301 Inspections to insure compliance with plans -- Duties and costs of owners --

Weekly reports.

- (1) During construction, enlargement, repair, alteration, or removal of any dam:
 - (a) the state engineer, his staff, or an independent consultant shall make periodic inspections of the work for the purpose of ascertaining compliance with the approved plans and specifications; and
 - (b) the owner of the dam shall:
 - (i) conduct tests that the state engineer determines are necessary;
 - (ii) provide adequate supervision of the work by an engineer licensed by the state who has experience in dam design and construction; and
 - (iii) disclose information sufficient to enable the state engineer to determine that the work is being done in conformance with the approved plans and specifications.
- (2) Costs of any work or tests required by the state engineer shall be paid by the owner of the dam.
- (3) The engineer who is supervising the work pursuant to Subsection (1)(b)(ii) is required to submit a report weekly to the state engineer. Each report shall show the work accomplished during the previous week and summarize the results of any material testing.
